AMENDMENTS TO THE CLAIMS

Claims 1, 8, and 14 are amended and claims 4 and 9 are canceled. All claims currently pending and under consideration in the referenced application are shown below. This listing of claims will replace all prior versions, and listings, of claims in the application.

Listing of Claims:

1.   (Currently Amended)   A method in a computer system for displaying a graphical window on a display screen having a screen resolution, comprising:

determining, by the computer system for the window, whether a display size and display screen position are specified in application programming interface call for the graphical window;

if a size and position are specified in the application programming interface call, rendering, by the computer system, the graphical window at the specified size and in the specified position so that the graphical window is not automatically maximized;

if the size and position are not specified in the application programming interface call, determining, by the computer system, the screen resolution for the display screen;

comparing the screen resolution against a pre-determined threshold value; and
